LEGIT GUIDELINES

Welcome to the Under 25 Summit, the annual homecoming of the curious. We celebrate confusion and give way for awe and wonder to thrive.

Here are some things for you to be mindful of, to have a meaningful and fulfilling experience:

Contribute

We thrive as a community when each of us engages, shares and brings our own unique flavor. Whatever you choose to participate in, do it actively.

Discover

There's so much going on out here, find things you've never tried before and pursue what you don't understand.

Beat the Heat

These are some of the hottest days of the year – stay hydrated, wear sunscreen and do everything you can to make sunshine your friend.

Honor the Land

This festival is meant to spark curiosity. Be a citizen and treat it like your own. Forgive the imperfections and protect it like you would if it is yours, because it is.

Segregate

We're attempting to make the festival as sustainable as we can, your support in managing and segregating the waste will help the community and our partners who are enabling this.

Respect the Art & Artists

The installations you see are months of hard work, please protect these pieces with love and care.

No intoxicants

We've created this space without alcohol and any other form of intoxicants. Please treat it with care and the same sacred energy that we all built this with.

Kindness

Be Kind and make sure to be respectful of the people around you. Our crew can be found all over the festival, so if you see/experience anything alarming or uncomfortable do inform the crew.

The Under 25 App

Be connected with the Under 25 Community throughout the year and be a part of India's Largest Student Community by joining the Under 25 App. You can find it on the playstore and appstore.

The Under 25 Summit is about the impact that connections, conversations and experiences can have on each of us as part of this community. Give it all the good energy you can, welcome home!
